

## INFORMED CONSENT FOR PARTICIPATION IN RESEARCH

### 1. Title/ Project Manager

Dear Madam/Sir,

You are invited to take part in a research conducted within the project “An experiment on decision making”, responsible Prof. Giacomo Degli Antoni.

Before deciding about your participation, it is important that you receive all the information needed to participate in an informed and responsible way. We ask you to read this document and ask the person who proposed this study (email addresses below) any questions you may have.

### 2. Brief Description and Objectives

The research project aims at analysing individual behavior with respect to attitudes and choices in the economic context using the economic experiment/survey incentive as research methodology. To achieve this objective, the researchers involved in the project propose to involve participants in stylised choice settings, as well as in the completion of a short anonymous online questionnaire.

### 4. Benefits, inconveniences and/or potential risks of participation

Participation in the study is voluntary. Participation does not entail any specific risks of a social, economic or legal nature or any major stress and emotional strain.

### 5. Withdrawal from the study

You have the right to withdraw your consent to participate in this study at any time, even without notice or specific reason.

### 6. Return

You have the right to ask information about the results and outcome of the research. To this aim, you can contact the researcher using Prolific messages.

### 7. Measures to protect anonymity

Data will be collected according to an anonymous procedure.

In any case, the data will only be used for scientific and statistical purposes and in compliance with current data protection legislation. The research results will be published in summary form and under no circumstances will any quotations be attributable to individual persons.

### 8. Contact

For any information and clarification on this study or for any needs, please contact the researcher using Prolific messages.

who will be available for further information or clarification.

### **Informed Consent to Participation in Research**

By proceeding, you

DECLARE

that you have read and understood the information provided in the document.

that you understand that participation in the study is entirely voluntary and free, that you may withdraw from the study at any time, without explanation and without any disadvantage or prejudice;

that you understand the nature and activities involved in participating in the study and the risks involved.

and

AGREE

To participate in the study, aware that such consent is freely given and is revocable at any time without disadvantage or prejudice.
